Full Description:

This Excursion starts early in the morning in Puerto Maldonado. First a short drive to the harbor and then we will take a boat ride for around 30 minutes. From this point the kayaking starts! There are great chances to see some wildlife on the riverbank like white caimans or turtles.

After a while on the kayak the adventure continues with the three-canopy zip line to get a different view of the rain forest.

Before the Monkey Island visit there is a lunch break. The Rolling Island or Monkey Island is part of an Inka Terra Association project. They try to reinsert the monkeys into their natural habitat after saving them from being on the black market.

At the end of a day full of new experiences we will return to Puerto Maldonado.
